Tree Application for First Time Applicants Only

Thanks to a grant from **TUCSON ELECTRIC POWER COMPANY**, TEP customers may be eligible to receive 1 or 2 trees (3 – 6 ft. tall) for only **\$5.00 per tree, delivered to your home (PAYABLE TO TREES FOR TUCSON - ATTACH CHECK)** if you agree to plant them to shade your house. Large shade trees can reduce cooling bills, especially if they shade windows and air conditioning units. **Supplies are limited!**

To qualify, each resident must:

A) Agree to plant trees **within 15 feet** of the house on the WEST, EAST or SOUTH sides to shade it during the summer months. Planting locations will be checked when trees are delivered. ***Planting and maintenance instructions are provided with trees.***

B) Agree to hold *Trees for Tucson* and *Tucson Electric Power Company* harmless from all liability associated with the trees or tree planting.

Indicate Your Tree Choice(s) [maximum of **2** trees per house]:

Mesquite

Best choice for shade; fast growth to 20 feet tall by 25 feet wide; may have small thorns; allergenic, seed pod litter.

Willow Acacia

Fast growth rate to 25 feet tall by 15 feet wide; rarely or weakly allergenic; leaf litter; no thorns.

Desert Willow

Fast growth to 20 feet tall by 20 feet wide, if watered well; pink flowers; non-allergenic; no thorns; drops leaves in winter
